

ELL CONSTITUTION CLUBS ADVERTISING FORM

If you are contributing in return for advertising in the ELL materials, your payment is deductible on your business federal income tax return. Advertising is provided for 12 months of educational material at various levels ranging from the minimum for a single advertiser of \$500 to the total amount necessary to fund a club for one year. The total minimum amount necessary for one club is \$6,000 and the maximum is \$150 x number of members. For example, a 100 member club would be \$15,000. Advertisers in other clubs typically contribute \$2,000 per year.

In order to take the appropriate deduction, the following information is necessary so that ELL Constitution Clubs_{TM} NFP can give you appropriate credit in the materials. If you do not provide the information, your payment may not be deductible on your federal income tax return.

Proposed Club: _____

Business: _____

Address: _____
